TESTIMONIALS

“

We are an international tournament organization hosting inline hockey tournaments throughout North America with teams competing from all over the world. We have dealt with a number of CVB's and Sports Commissions from coast to coast. Unequivocally, I can say that Adam and Consuelo and the team at Florida's Sports Coast are the most professional, detailed, and supportive group we have ever dealt with. They take the time to understand your business, and make every effort to help the event be the best it can be. We often use the term partner because the relationship with the local CVB and Sports Commission is a vital piece to the success of any large event. Florida's Sports Coasts' entire team epitomizes the true meaning of what a partner should be, and we are very excited to see what the future holds entering our 3rd year working together!

”

Joe Bertaccini

Principal TORHS 2HOT4ICE, LLC

“

The Florida's Sports Commission, especially Consuelo Sanchez, and the entire Pasco County officials were a huge part of us pulling off one of the most successful USA Hockey Disabled Hockey Festivals in recent memory. Their first class welcoming approach, organizational skills and personal connection within the community made the event a giant success. USA Hockey Disabled Hockey Section hopes to continue to work with the Florida's Sports Commission to bring more USA Hockey national and local events to Pasco County in the future.

”

JJ O'Connor

Chair USA Hockey Disabled Hockey Section

“

From the very beginning every aspect that Florida's Sports Coast provided to us was beyond professional. To the wonderful on-site lodging Consuelo helped secure to the various eateries arranged for our players and their families to the various sights of interests suggested to visit were superb. Florida's Sports Coast should take great pride in knowing how much of an impact all of the hard work had on our athletes. The memories Florida's Sports Coast helped provide will last a lifetime. I can hardly wait until the next time USA Hockey has an opportunity to host again in Florida and am most confident Florida's Sports Coast will be the first people we call to assist us.

”

Jim Smith

President USA Hockey

TESTIMONIALS

“

We are a national youth ice hockey tournament organization that operates approximately 65 tournaments per season across 13 cities. This will be our 3rd season running events in Wesley Chapel, FL and working with Florida's Sports Coast CVB.

Our organization manages all aspects of our events including contracting with facilities, recruiting teams, setting schedules, staffing, and assigning our participants hotels. We could not do this in Pasco County without the help of Florida's Sports Coast and Consuelo Sanchez. Consuelo has been instrumental in helping us grow our events by encouraging the local venue to add new dates and by working with local hotels so that we can find adequate accommodations for our participants. She is a vigorous advocate for our events.

We work with many CVBs across the country, but what sets the Florida's Sports Coast apart is Consuelo and her tireless work ethic and passion for making the events in Pasco County successful. We look forward to continuing to work with Florida Sports Coast and Consuelo in the future.

”

Jonathan Oppenheimer

“

Savage Race attracts athletes of all types from across the country to test their skills with over 25 obstacles across a carefully orchestrated race course. Our partnership with Florida's Sports Coast has been instrumental in helping us to offer the very best experience at our bi-annual Pasco County races. Consuela and her team are professional and hospitable, going above and beyond in their personal connection with our company. Our interaction with Florida's Sports Coast is made easy with their high level of organization and clear communications. The relationship we share with Florida's Sports Coast is a vital part of Savage Race achieving our vision of providing the best obstacle race experience.

”

Sam Abbitt

Founder and President Savage Race

“

Working with the creative and diligent staff of Florida's Sports Coast since 2012, we've been able to more than double the size of our running event. The race now welcomes runners from an average of 22 states to beautiful Pasco County each spring.
