# TESTIMONIALS

“

We are an international tournament organization hosting inline hockey tournaments throughout North America with teams competing from all over the world. We have dealt with a number of CVB's and Sports Commissions from coast to coast. Unequivocally, I can say that Adam and Consuelo and the team at Florida's Sports Coast are the most professional, detailed, and supportive group we have ever dealt with. They take the time to understand your business, and make every effort to help the event be the best it can be. We often use the term partner because the relationship with the local CVB and Sports Commission is a vital piece to the success of any large event. Florida's Sports Coasts' entire team epitomizes the true meaning of what a partner should be, and we are very excited to see what the future holds entering our 3rd year working together!

“

The Florida's Sports Commission, especially Consuelo Sanchez, and the entire Pasco County officials were a huge part of us pulling off one of the most successful USA Hockey Disabled Hockey Festivals in recent memory. Their first class welcoming approach, organizational skills and personal connection within the community made the event a giant success. USA Hockey Disabled Hockey Section hopes to continue to work with the Florida's Sports Commission to bring more USA Hockey national and local events to Pasco County in the future.

“

From the very beginning every aspect that Florida's Sports Coast provided to us was beyond professional. To the wonderful on-site lodging Consuelo helped secure to the various eateries arranged for our players and their families to the various sights of interests suggested to visit were superb. Florida's Sports Coast should take great pride in knowing how much of an impact all of the hard work had on our athletes. The memories Florida's Sports Coast helped provide will last a lifetime. I can hardly wait until the next time USA Hockey has an opportunity to host again in Florida and am most confident Florida's Sports Coast will be the first people we call to assist us.

## TESTIMONIALS

“

When I had the chance to write a recommendation for Florida's Sports Coast, and Consuelo Sanchez, I actually jumped at the chance. This group is special, I have run many events using their facilities and never once did I ever feel alone! They were always there, always a handout there to help, BUT most of all they were always wishing the best for me and our event. Not once did I think I was just another renter...I wish for everyone to experience the greatness of Florida's Sports Coast...heck their logo says it best – EXPERIENCE!
